

creative closets and more

To our valued clients:

As our communities continue to feel the increased impact of the Coronavirus, we feel it is important to share with you what we are doing to help keep people safe and healthy. Please be assured we are closely following advice from authoritative sources such as the Center for Disease Control (CDC), World Health Organization (WHO), our customers, and the government.

The health and safety of our employees, our clients and the public, is one of our highest priorities, and we are being proactive to the emerging health threat.

Steps that we are taking:

- The Management Team has proactively identified risks, provide preventative measures, guidance and education to all employees and monitor available information related to the virus.
- Provided preventative education, based on CDC guidelines, to our entire workforce.
- Enforcing a strict stay-at-home policy when not feeling well and seek medical attention if employees have symptoms or have had exposure.
- Emphasizing social distancing policy whenever possible.
- Acquire and make available industrial cleaning products.
- Heightened the cleaning and disinfecting procedures of all frequently touched surfaces.

As we continue to monitor and remain proactive, we encourage everyone to visit the following official websites to help you keep informed:

CDC: <https://www.cdc.gov/coronavirus/>

WHO: <https://www.who.int/emergencies/diseases/novel-coronavirus-2019>

Thank you in advance for your partnership during this challenging situation. On behalf of all of us at Creative Closets and More we value the trust you have put in our team members and our services.

Julie Doll-Summers
